Career Objective

To secure a challenging position as a **Full Stack Developer** where I can apply my knowledge of web technologies, problem-solving, and teamwork to build scalable applications. I aim to contribute to innovative projects while continuously enhancing my skills in modern software development.

Education

- **B.Tech in Information Technology** – Meenakshi Sundararajan College of Engineering (2023 – 2027)
Current CGPA: **9.00**
 - **Higher Secondary Education (Class XII)** – Montfort Academy School (2022)
Scored **90%**
-

Technical Skills

- **Frontend:** HTML, CSS, JavaScript, React.js, Flutter
 - **Backend:** Node.js, Express.js, PHP
 - **Database:** MongoDB, MySQL
 - **Tools & Platforms:** Git, VS Code, XAMPP, Firebase, Streamlit
 - **Other:** UI/UX Design, Cloud Basics
-

Experience

Full Stack Developer Intern – 8Queens, Mandaveli

1 Month (2nd Year – 2024)

- Worked as a **Full Stack Developer Intern** contributing to live projects.
 - Developed an **E-Commerce Website** using **React.js and Firebase**, implementing product catalog, authentication, cart, and order features.
 - Gained hands-on experience with **frontend & backend integration, database management, and deployment**.
-

Projects

- **Criminal Identification System** – Python, OpenCV, Streamlit
A hackathon project that detects age and gender of criminals from images using computer vision. Supports image upload, webcam integration, and has a criminal database with a CSS-enhanced UI.
 - **Engineering Placement Quiz Website** – React.js, Node.js
A real-time quiz platform with login/signup, streak system, and multiple difficulty levels. Designed with an engaging UI for placement preparation.
 - **E-Commerce Website** – React.js, Firebase
Online shopping platform with authentication, product browsing, cart, and order placement. Firebase used for database, hosting, and authentication.
 - **RescueVision AI** – OpenCV, Streamlit, ML, Kaggle Dataset
An AI-based video detection app for disaster rescue. Detects human posture (lying down) from drone or thermal videos and triggers emergency alerts.
-

Certifications

- Java Certification – Udemy (2023)
 - MongoDB Certification – MongoDB University (2023)
 - JavaScript Certification – SoloLearn (2022)
 - Frontend Development Certification – Udemy (2022)
 - Infosys Certification – Infosys Springboard (2022)
-

Accomplishments

- **Special Mention – 8-Hour Hackathon**, Meenakshi Sundararajan College of Engineering
 - **24-Hour Hackathon**, SVC College
 - Attended workshops on **Full Stack Development, Cloud Computing, and Machine Learning**
-

Soft Skills

- Problem Solving
 - Quick Learner
 - Teamwork & Collaboration
 - Adaptability
-

Languages

- Tamil (Native)
- English (Intermediate)
